Till: March, 2013

Prof. Ali Reza Khosravi

Short Biography

Ali Reza Khosravi is a Professor in the field of Medical and Veterinary Mycology at the Faculty of Veterinary Medicine, University of Tehran, Tehran, Iran. He has worked at University of Tehran since 1985. He graduated from the University of Tehran with DVM and obtained his MPH and Ph.D. in Medical Mycology at the Tehran University of Medical Sciences. He participated in different international workshop regarding the Immunology of Fungal Diseases and also natural immune modulator agents and their mechanisms. He has participated, as an active researcher, in International Congress and Workshop and has bilateral collaboration with some Research Center and Department in other countries. He has been selected as top professor and research man in Iran. He is responsible for research projects funded by Research council of University of Tehran and is corresponding author more than 300 scientific papers and supervised 28 Ph.D theses.

Personal information:

Name: Ali Reza

Surname: Khosravi

Birthday: 1960.06.02

Live in: Tehran, Iran

Academic Rank: Professor

Contact:

Email address: Khosravi@ut.ac.ir, khosravialir@gmail.com

Tel: Office: +98216117051, Home: +982122955812

Education:

1- **DVM degree**, 1985, University of Tehran, Faculty of Veterinary Medicine, Tehran, Iran

Thesis: Evaluation of the role of *Aspergillus* species as etiology of fish skin ulcer,

Advisor: Prof. B.Mokhayer, 1985.

2-**MPH degree:** 1988, Tehran University of medical sciences School of public health, Tehran, Iran

3- **PhD degree:** Medical Mycology, 1992, Tehran University of Medical Sciences School of Public Health, Tehran, Iran.

Thesis: Dermatophyte antigens and immunity to dermatophytosis

Advisor: Prof. M.Emami and Prof. H. Tadjbakhsh, 1992.

4- **Fellowship** in Fungal Immunology, university of Sao Paolo, Brazil, July 1992-August 1993.

5- **Post doctoral Fellowship** in Fungal Allergy and Immunology, , University of Botucatu,Brazil, Jan 1995- September 1995.

Employment and Experiences:

1992 to 1996: Assistant Professor, University of Tehran, Tehran, Iran.

1996 to 2001: Associate Professor, University of Tehran, Tehran, Iran.

2001 to present: Professor, University of Tehran, Tehran, Iran.

Membership:

Head of Mycology Research Center, University of Tehran, Tehran, Iran.

Member of international society for humans and animal mycology (ISHAM).

Member of Iranian society of immunology.

Member of Iranian society of mycology.

Books Publications:

1- **A.R. Khosravi:** Fungal Infections & Immune Response, (selected book in Tehran University), Tehran University Publisher, 2008.

2- **A.R. Khosravi, H. Shokri, T. Ziglari:** Fungal Allergy, Tehran University Publisher, 2008.

3- **A.R. Khosravi, H. Shokri, T. Ziglari:** Fungal Infection in patients with immunodeficiency, Tehran University Publisher, 2008.

4- **A.R. Khosravi, H. Shokri, R. YahyaRayat:** Veterinary Mycology, Tehran University Publisher, 2006.

5- **A.R. Khosravi:** Translated to Persian, Medical Mycology: Practical Approach: E.G.V. Evans, Tehran University, 2002.

****Research Interests**

1- Fungal Immunology

2- Immunomodulatory Agents in fungal Components and Herbs.

4- Antifungal Drugs

7- PCR, Chromatography, DNA Sequencing, Electrophoresis, Elisa, HPLC, TLC, SDS-PAGE analysis....

HONOURS:

Award of the first ranked Professor in Iran, 2008.

Award of the first ranked Researchman in Iran, 2004.

Award of the first ranked Researchman in University of Tehran, 2001 and 2004, University of Tehran.

Award of the best presented papers at the congress of International veterinary congress in Rio De Janunrio, Brazil, 1992.

Award of the top presented papers at the congress of 3th Asia Pacific international congress in Penang, Malaysia, 2004.

Thesis:

Supervisor:

1. **Alireza Khosravi**, 1992, Effects of immunocompromised drugs in incidence opportunistic fungal infection. University of Tehran, DVM Thesis.
2. **Alireza Khosravi**, 1992, Survey and study soil and vegetable contamination khorasan province with actinomycets and pathogenic fungi. University of Tehran, DVM Thesis.
3. **Alireza Khosravi**, 1992, Preparation of Aspergillus fumigatus antigens and evaluation of theses antigens with different laboratory animal antibodies. Tarbiat Modares University, MSC Thesis.
4. **Alireza Khosravi**, 1993, Investigation and comparing of mycoflora of the psoriatic dermal surfaces and controls. Tarbiat Modares University, MSC Thesis.
5. **Alireza Khosravi**, 1993, Isolation and identification of pathogenic fungi from GIT bat and soil.... . Shahid Chamran University of Ahvaz, DVM Thesis.
6. **Alireza Khosravi**, 1994, Study the antifungal drugs and these mechanism action. University of Tehran, DVM Thesis.
7. **Alireza Khosravi**, 1994, The Sero-epidemiological study of suspected Rhinosporidiosis cases in Tabriz and Ardebile. Tarbiat Modares University, MSC Thesis.

8. **Alireza Khosravi**, 1994, Identification of air fungal flora different point of Mashhad city. Tarbiat Modares University, PhD Thesis.
9. **Alireza Khosravi**, 1996, Preparation of polyclonal anti serum against extracts Antigen of *Candida albicans*. Medical university of Iran, PhD Thesis.
10. **Alireza Khosravi**, 1997, The effect of Anti *Candida albicans* essence of *Zataria multiflora*. Islamic Azad University of Pharmaceutical Sciences, Pharm.D thesis.
11. **Alireza Khosravi**, 1997, Isolation and identification of fungal flora from shrimp larvae in Iran. University of Tehran, PhD Thesis.
12. **Alireza Khosravi**, 1998, Purification of *Pityrosporum ovale* antigens and their role in atopic dermatitis. Tarbiat Modares University, PhD Thesis.
13. **Alireza Khosravi**, 1998, Study of specific and sensitive immunodiffusion in diagnosis of *Candida albicans* antigens. Medical university of Iran, PhD Thesis.
14. **Alireza Khosravi**, 2000, Comparison of immunological factors against Mucormycosis in diabetic patients and normal controls. Tarbiat Modares University, PhD Thesis.
15. **Alireza Khosravi**, 2001, Comparison of the virulence of *Candida albicans* Isolates and evaluation of their Esterase activity and Electrophoretic pattern of cellular proteins. Tarbiat Modares University, PhD thesis.
16. **Alireza Khosravi**, 2001, Identification of *Candida albicans* allergens and Evaluation its role in AD and asthma patients. Tarbiat Modares University, PhD thesis.
17. **Alireza Khosravi**, 2001, Formulation of *Artemisia abrotanum* and Application in Tinea infections. Islamic Azad University of Pharmaceutical Sciences, Pharm.D thesis.
18. **Alireza Khosravi**, 2002, Identification of Allergen Components of *Alternaria alternata* Isolated in Tehran-Iran by Using Sera Form Patients With asthma(Referred to Tehran Allergic clinic). Tarbiat Modares University, MSC Thesis.
19. **Alireza Khosravi**, 2002, Evaluation of Bull Semen Quality Infected with fungi, University of Tehran, DVSc PhD Thesis.
20. **Alireza Khosravi**, 2004, Molecular typing *Trichophyton violaceum* isolates from Iran by RAPID- PCR. University of Tehran, DVM Thesis.
21. **Alireza Khosravi**, 2004, Evaluation of antifungal effects of some plants essences as a possible replacement with Malachite green in Rainbow trout egg under farm condition. University of Tehran, PhD thesis.
22. **Alireza Khosravi**, 2004, Evaluation of Elastase activity in *Aspergillus fumigates* pathogenic isolate using anti protease as a factor in pathogenicity in mic sera. Tarbiat Modares University, PhD thesis.

23. **Alireza Khosravi**, 2004, Isolation and Identification of fungal flora of skin in the Pet Persian Squirrels which have been referred to the small animal hospital of faculty of veterinary medicine. University of Tehran, PhD thesis.
24. **Ali Reza Khosravi**, 2004, Evaluation of antifungal effects of some plants essences as a possible replacement with malachite green in rainbow trout egg under farm condition. University of Tehran, PhD Thesis.
25. **Alireza Khosravi**, 2006, Study the reports of fungal and bacterial contamination in poultry house.... University of Tehran, PhD Thesis.
26. **Alireza Khosravi**, 2006, Assessment of the Effects of Aflatoxin B on shall Ram Sperm Production and Viability. University of Tehran, PhD Thesis.
27. **Alireza Khosravi**, 2006, Occurrence of aflatoxin M₁ in raw milk at cattle farm by ELISA in winter and summer 2006 in Babol, Iran. Azad University: science and Research branch, PhD Thesis.
28. **Alireza Khosravi**, 2007, The evaluation of the effects of Thyme, Geranium and Myrtle oils on fungi isolated from cyst and biomass of Artemia urmiana. Urmia University, PhD thesis.
29. **Alireza Khosravi**, 2007, The impact appraisal of antifungal and antitoxin of essences zataria multiflora and gernium and pelarg onium in poultry feeds ingredients. Islamic Azad University, PhD Thesis.
30. **Alireza Khosravi**, 2007, Molecular typing cladosporium isolates from air of different region of Iran by PCR-PAPD. University of Tehran, DVM Thesis.
31. **Alireza Khosravi**, 2008, Determine and comparison molecular patterns of cladosporium carrionii and Alternaria alternata isolated from..... Islamic Azad University: science and Research branch, PhD Thesis.
32. **Alireza Khosravi**, 2008, Evaluation of intestinal yeast flora in broiler. University of Tehran, DVM Thesis.
33. **Alireza Khosravi**, 2008, Evaluation of the effects of Artemisia Siberia L. and origanum vulgare L. against Candida glabrata isolated from vuvoaginal candidiasis and the mechanism of actions by using electron microscope. University of Tehran, MSC Thesis.
34. **Alireza Khosravi**, 2008, Evaluation of the sensitivity of poultry workers to Aspergillus fumigatus and Cladosporium carrionii antigens by using skin prick test and measure of the specific IgE and IgG levels. University of Tehran, PhD Thesis.
35. **Alireza Khosravi**, 2008, Isolation and identification fungal flora from genital tract female dromedary. University of Tehran, DVM Thesis.

36. **Alireza Khosravi**, 2008, Evaluation of the Zataria multiflora Boiss Geranium pelargonium roseum on some structural and regulatory genes of aflatoxin biosynthesis pathway. University of Tehran, PhD Thesis.
37. **Alireza Khosravi**, 2009, Isolation and differentiation of Malassezia yeasts isolated from ear and skin of healthy and infected animals at the small Animals Clinic and evaluation of their molecular typing. University of Tehran, PhD Thesis.
38. **Alireza Khosravi**, 2009, Comparative evaluation of inhibitory effects of allium jesdianum on growth some species of candida and Cryptococcus.... Islamic Azad University: science and Research branch, PhD Thesis.
39. **Alireza Khosravi**, 2009, Evaluation of IgY production against Hsp90 of Candida albicans and its efficacy to systemic and mucosal candidiasis. University of Tehran, PhD thesis.
40. **Alireza Khosravi**, 2009, The study of association of Interleukin VII receptor α chain in Iranian patients. Payame Noor University, Faculty of Science and Agriculture, MSC Thesis.
41. **Alireza Khosravi**, 2009, Identification Molecular & Protein Pattern of Phathogenic Aquatic Fungi Isolated from Sturgeon & Bony Fish infected eggs from propagation & cultivation centers of Mazandaran province. University of Tehran, PhD thesis.
42. **Alireza Khosravi**, 2010, Evolution of the Aflatoxin M₁ presence in the raw milk of industrial dairy farm at the Hamedan province and correlation between Aflatoxin M₁ levels with feed contamination. Islamic Azad University: science and Research branch, PhD Thesis.
43. **Alireza Khosravi**, 2010, The distribution pattern and rate of fungi and yeasts infections in external auditory canal Cats. University of Tehran, DVM Thesis.
44. **Alireza Khosravi**, 2010, The effects of Anti Aspergillus and Anti Aflatoxin essences of Cuminum cyminum, Ziziphora clinopodioedes and Nigella sativa growing in khorasan region and the site of their activities. University of Tehran, PhD thesis.
45. **Alireza Khosravi**, 2010, Evaluation of the Aflatoxin M₁ presence in the raw milk of industrial dairy farm at the Hamedan province and correlation between Aflatoxin M₁ levels with feed contamination. Islamic Azad University: science and Research branch, PhD Thesis.
46. **Alireza Khosravi**, 2010, Evaluation of Iranian candida Proplois properties against candida in vitro and in vivo. Islamic Azad University: science and Research branch, PhD Thesis.
47. **Alireza Khosravi**, 2011, Study of distribution patterns and population size of Malassezia pachydermatis in different anatomical region of healthy an atopic dogs. University of Tehran, DVM Thesis.

48. **Alireza Khosravi**, 2011, A study of Aflatoxins production in rice barns from mazandaran province, northern Iran. Islamic Azad University: science and Research branch, PhD Thesis.
 49. **Alireza Khosravi**, 2012, Evaluation of the expression of some resistance genes in fluconazole resistant *Candida albicans* isolates and the efficacy of *Cuminum cyminum* L. essence on expression of these genes. University of Tehran, PhD Thesis.
 50. **Alireza Khosravi**, 2012, Evaluation of antifungal effect of zenian (*TRACHYSPERMUM COPTICUM*) extract and survey on genetic diversity in azole resistant *Candida albicans* strains isolated from clinic. University of Tehran, MSC Thesis.
